Writes Horror Tales.

None of his works has been trans-ated as yet into English, with the exception of a few of his short stories, which have appeared in England in translations, made by Lady Douglas. In Germany and on the Continent generally he is considered as a sort of ultra-modern successor of Poe and Hoffmann.

He revels in the tales of mystery and horror, as his titles sufficiently indicate: "Al Rauna" ("Mandragora"). "The Demoniacs," "The Exorcisers," "Horror" ("Das Grauen"). He is

"The Demoniacs," "The Exorcisers," "Horror" ("Das Grauen"). He is one of the lenders of the advanced German realistic movement in fiction, but has also written books of travel on India and South America, for he is a confirmed globe trotter.

A drams of his, "Das Wundermädchen" ("The Sorceress"), which had a great success in Germany, was to have been produced in Paris this fall, but, as he observed philosophically. "that will come to nothing now." He has also written the libretto for a new opera by Eugene d'Albert, which was to have been produced in Germany this winter.

While awaiting an opportunity to go home Dr. Ewers is looking for an American publisher for his works, whose vogue i even greater in Russia than in his own country.

The Senate, awaiting momentarily the announcement of the death of the wife of the President, began its labors of the day by passing the bill for the improvement of living conditions in the poorer quarters of the District of Columbia, known as "the alley bill," in which Mrs. Wilson was keenly interested. The measure practically probits the practice which prevails in he capital of building small houses, which are tenanted mostly by negroes, on narrow alleys, where crowded conditions and lack of light and air make for a high death rate. It prohibits the on narrow alleys, where crowded conditions and lack of light and air make for a high death rate. It prohibits the building of houses on alleys less than thirty feet in width, and provides for the condemnation of houses now on alleys which have depreciated 50 per cent in value. The proposed law probably will result in wiping out many of the piague spots where negroes were huddled together in tumbling shacks, in some cases within a stone's throw of the best residence thoroughfares in Washington. With the news that Woodrow Wilson had been elected President of the United States there was instant and interested speculation all over the country as to the personality of the woman who would enter the White House as its mistress. Among Mrs. Wilson's intimates was predicted she would not permit the simplicity that had marked her life to be interrupted by her entrance into the White House, and the accuracy of this prediction was speedily verified. Only when official etiquette demanded. did the Wilsons assume the ceremony of a Presidential household.

When the Association of Woman Sculptors and Painters opened its exhibition in this city last November it showed five paintings by Mrs. Wilson.

All of these brought good prices, the proceeds going to the Bury Industrial School, Rome, Ga. In December two paintings by Mrs. Wilson were shown at an exhibition of the New York and in April of this year her canvases were again shown at an exhibition of the Association of Women Sculptors, and Painters in this city.

Mrs. Wilson had a pretty compliment paid her last March, when a beautiful body of water in Glacier National Park was named Lake Ellen Wilson in her honor.
